POSITION DESCRIPTION

Manager, Information Security Policy and Research Unit

Unit/Branch, Directorate: Information Security Policy and Research Unit,
Information Assurance and Cyber Security Directorate.

Location: Wellington

Salary range: J \$106,860 - \$160,290

Purpose of position: The Manager, Information Security Policy and Research (ISPR) Unit, is responsible for the management of a unit of professionals developing information security (INFOSEC) policy advice, analysis, and research on a range of issues to a variety of audiences. This role will support the unit undertake and manage directorate-wide policy and research projects, participate in interagency projects, and liaise with internal and external stakeholders on policy issues of significance.

Our mission at the GCSB is to protect and enhance New Zealand's security and wellbeing.

Our values are Respect, Commitment, Integrity and Courage.

Information Assurance and Cyber Security Directorate purpose: The IAC Directorate contributes to the national security of New Zealand by providing technical advice and assistance to Government and organisations with significant national information infrastructures to enable them to protect their information from advanced technology-borne threats. To achieve this, the Directorate provides technical security inspections; high-grade encryption services; information assurance policy and advice; regulation of telecommunications & space activities; and high-end cyber security services to detect and respond to such threats.
